INTERNATIONAL STUDENT HEALTH INSURANCE COMPLIANCE FORM

To comply with State of Florida rule 6C-6.009(6), international students must have health insurance. Coverage must include the full year, including annual breaks, regardless of the student's terms of enrollment. The policy must provide continuous coverage for the entire period the insured is enrolled as an eligible student. Students in F-1, F-2, J-1 and J-2 status and their dependents are ALSO compelled by federal law to maintain health insurance coverage. The University of North Florida (UNF) has available a policy that includes the benefits mandated below. Before an international student can register for classes, the international student who purchases an alternate policy must provide Medical Compliance at UNF with proof that the alternate policy provides the mandated benefits. Only policies offered by insurers licensed and authorized to write health insurance by the State of Florida with a minimum of an A-rating are accepted. PLEASE PRINT LEGIBLY BELOW.

Student Release Information: I hereby permit my insurance company to release the following information to staff persons at UNF Medical Compliance. Also, I understand the international insurance requirements established by the University of North Florida and agree to abide by them. I understand alternate insurance policies are approved for limited periods not exceeding one year and that requirements for alternate policy coverage are subject to change. I further understand that I must have my policy reviewed at the end of the approval period indicated below and provide this information to the office of medical compliance at least yearly.

Without this alternate compliance form, when I register, I will be enrolled automatically in the (University of North Florida) Plan and an insurance fee will be added to my account.
